PLEASE NOTE SPECIAL CONDITIONS FOR LOCK DOWN LEVEL 1 AS PRESCRIBED BY THE SOUTH AFRICAN GOVERNMENT:

We are currently open and in operation for all guests who are travelling to South Africa. Whether you are travelling for business, leisure, or essential work.

To lower the risk of infection as much as possible, each room is deep cleaned, disinfected & sanitized before another guest can go into that room.

As we realize that room service and housekeeping is an individual choice during this sensitive time, guests will be asked upon arrival, how frequently they want their rooms cleaned or if they would rather not have any staff enter their rooms during their stay.

As it currently stands, we can serve breakfast. All breakfast orders will be placed from a menu and served to you, there will not be a buffet offering during this time.

Please note that we are not able to accommodate guests who are in self-isolation or quarantine due to being diagnosed with the virus or having come in contact with someone who has been diagnosed with the virus.

We are keeping to the very strict health & safety protocols, so please note that guests will not be allowed in any of the common areas without wearing a facemask and maintaining social distancing wherever possible.
